NOTES, HINTS & TIPS:

- Make sure you rinse the Stack-A-Cave under clean warm water before placing it into the enclosure.
- Stack-A-Caves should be cleaned thoroughly once a month with a reptile safe disinfectant.
- Stack-A-Caves can be used individually or stacked as a set to enhance your reptiles basking surface.
- Individual Corner Stack-A-Caves will suit different life stages for your reptile.

WARNING AND DISCLAIMERS:

- Stack-A-Caves could be placed near or directly over a heat mat.
- Do not allow Stack-A-Caves to come into direct contact with heat lamps.
